Trader tells it like it is, Goldman Sachs NOT (puppet) governments, Rule

Man, straight from the brutally honest trader's mouth. What he conveniently fails to mention, however, is that he is part of the sociopathic criminal milieu that brought the market down in the first instance, a delinquent action which now threatens to destroy the savings of millions of people around the globe! These rogues make 'money' whichever way the 'market' swings and fuck morality and the civilised world! And some people actually question why we promote the eradication of this clearly sick criminal class.

This video is truly shocking, it clearly reveals the 'profit at any cost' mentality of the people that brought down the global economy. The arrogance, callousness and PERVERSITY of market operators is truly staggering -- this video must be seen by EVERYONE, share it around and then join the fight to restore our democracies and regulate these lunatics.

UPDATE:

Since this video was released and attracted global attention the 'bona fides' of the interviewed 'trader' have been questioned. Regardless of whether or not this character is who he says he is -- WHAT HE SAYS AND THE MANNER IN WHICH HE SAYS IT, IS NOT ONLY AN ACCURATE PORTRAYAL OF THE PSYCHOPATHIC 'TYPES' THAT HAVE SUBVERTED THE GLOBAL ECONOMY BUT IT IS ALSO AN ACCURATE ACCOUNT OF THE CURRENT ECONOMIC SITUATION IN EUROPE!

The warning regarding personal savings still stands. In the event that the character depicted in the video is proven to be a 'fraud,' as are the people that control the global economy, then to err on the side of caution is preferable in the circumstances.

Nonetheless, the GLOBAL economy FAILED in 2008 and has NOT recovered; the major banks remain INSOLVENT (broke) -- that is an irrefutable, provable REALITY.
